

Centre for Research and  
Advocacy for Child Rights  
& Persons with Disability

**OUR FUTURE ENDEVORS (IN COMING SIX MONTHS) :**

1. Starting new units of 'Sakhee' in various states as proposed.
2. We plan to start our interaction with five panchayats in Bihar and Jharkhand each and to orient the Panchayati Raj stakeholders and villagers on the issue of Child human rights and that of persons with disability, including trafficking.
3. We propose to start need analysis survey of children of Ladakh and propose to launch projects accordingly.
4. We propose to launch a project on health and nutrition related issues of tribal children in Jharkhand, Odisha, and Madhya Pradesh.

We solicit your help for smooth completion of our projects, any help will be highly appreciated.

Centre for Research and  
Advocacy for Child Rights  
& Persons with Disability

The concern of CRACR & PD is expressed in the following couplet of *Sheikh Ibrahim Zauq* :

phool to do din bahār-e-jāñ-fazā dikhilā gae  
hasrat un ġhunchoñ pe hai jo bin khile murjhā gae

CRACR & PD is a trust registered under Indian Trust Act, 1882 and is governed by Board of Trustees consisting of Mr. Shashank Shekhar, Ms. Ratna Saxena and Mr. Raj Kumar Dubey. We are registered under sections 12A and 80G of Income Tax Act, 1961

The Principal Objective of CRACR&PD is to create a forum for the promotion, realisation and monitoring of Child Human Rights and that of Persons with Disability. The CRACR & PD strives for protecting, serving and reintegrating children & persons with disability by safeguarding their human rights through social, legal, political and other interventions, ensuring that even the invisible children and persons with disability are safe from all forms of abuse, exploitation, discrimination and legal, social and political deprivation.

Some of our flagship projects:

- a. Hifazat: Project Hifazat is the most ambitious project of CRACR & PD and will have far reaching consequences on the complete Juvenile Justice system. Eminent Sociologists, Doctors, Psychologists and Jurists, in India and abroad are working on the issue of making the JJ System more effective in delivering justice to children. This is a completely philanthropic project and is not being funded by any agency.
- b. Project Sakhee: *Sakhee*, is one of the flagship projects of CRACR & PD. It aims at empowering girls and women of rural and/or underprivileged community by the way of skilling. We take this opportunity to reiterate our faith in empowerment of women and girls as it paves way for prosperous life not only for women, but also for children and persons with disability and our endeavours towards reaching 'Invisible Children.'

We need financial help to get the project run smoothly. Any financial help for the project is not only solicited but will also be highly appreciated.

We have already launched project '*Sakhee*' at village Gharbara in Greater Noida, UP. With skilling centres for stitching and beauty parlour.

In near future we intend to open more such centres in Bihar, Jharkhand, Uttarakhand, and Himachal Pradesh.
